LOCAL MEN ORGANIZE FOR VICTORY LOAN

Wm. Cousius of Central Organization, Visits Town---Chairman and Commitee Appointed --- Will Meet Friday Afternoon.

A meeting of representative citizens was hurridly called together last Thursday evening to meet Mr. Wm. Cousins, of Medicine Hat, one of the members of the Victory Loan executive for Southern Alberta. Mr. Cousins explained the object of his visit was to get the men together as a preliminary step towards organising this district for a systematic campaign to canvass for Canada's Victory Loan. With this object in view he asked that an honorary chairman and executive committee be appointed so as to be in a position to work in conjunction with the central organization at once.

E. L. Stone was then selected honorary chairman for the district and the following committee chosen: Messrs. Geo. Lydiatt, R. R. Stoner, W. T. Lockwood, B. J. Bott, F. Baird, W. H. Hatcher, R. F. Crean, F. S. Ratliff, E. H. Sellhorn, H. J. Sissons, L. Barber, W. Keats, J. Harbert, D. Broadfoot, H. L. Wonnomaker, Breezelawn; P. H. Wedderburn, Harvest Vale; E. Butler, Bowell; and G. Williamson, Box Springs.

The committee is now awaiting the arrival of blank forms and other instructions but in the meantime a meeting will be held in R. R. Stoner's office on Friday afternoon, Nov. 2nd, at 3 o'clock, when all the above members are requested to be present.

It is the intention of the government to pay a commission to canvassers for this loan and it will be the duty of this committee to sub-divide the district, appoint canvassers and supervise the campaign generally.

Two Robberies Last Monday Night

Last Tuesday morning there was excitement around the Atlas Lumber Company's office and the Alberta Cafe when it was discovered on opening up for business, both places had been visited the night before by uninvited guests. At the Alberta Cafe the robbers got away with $10.00 in cash which was left in the cash register, but in their evident excitement they overlooked about $50.00 in gold coins which were attached to two punch boards close by. As this cafe has a number of boarders who work on the night shift at the glass plant, the back door is left open for their convenience. The light-fingered gents were no doubt aware of this and it is presumed they gained admission in this way. They then unbolted the front door from within and got out that way.

The visit to the lumber yard office was not so remunerative as the robers got no money for their trouble and nothing else is missing. To get into this office they forcer the large yard gates and then pried the casings off the door leading to the shed. The desk drawers were turned inside out in a vain search for the cash till, which was deposited in the bank several hours before.

FIRE ALARM.

The fires last week revealed the fact that it is possible for the fire siren to get out of order when left unused for any length of time. To obviate this, and as a regular test, the fire brigade will blow the siren every Friday evening at 7 o'clock. We have asked to mention in our columns so that the public may not become unnecessarily alarmed at these trials.

Date Fixed for Dominion Election

Writs were issued last night calling for a general election on Monday, Dec. 17. Nomination day is fixed for Monday, Nov. 19. All writs are returnable on February 27, 1918. Parliament is summoned to meet on the day following.

A DEPARTURE.

This week, for the first time since the Review adopted its present make-up, we are carrying an advertisement on our front page. This departure, however, is not to be considered in any way as establishing a precedent. We merely give this space for the Victory Loan advertisement because of the importance of the appeal and because of a special request to give these advertisements all possible publicity. This week the news items usually found on the front page will be on pages 2 and 3.

The school will be closed today and tomorrow as all the teachers are attending the convention in Medicine Hat.

Citizens Band Organized in Redcliff

At a meeting of the citizens of the town held last Tuesday evening the matter of considering the advisability of organizing a band here was discussed. After going over the ground thoroughly and finding that there were a number of old band players now in town, and a competent leader in the person of Mr. E. Wetton, it was unanimously decided that the time was opportune to start a band. The following officers were then elected:

President—B. J. Bott.
Vice-President—Theodore Woods.
Secretary-Treasurer—Cecil T. Hall.
Band Committee—Messrs. Bott, Woods, Hall, Barber, Muese and Leader E. Wetton.

Mr. Wetton, who comes to us well recommended and who has proven his splendid ability in pulling the band together in the four weeks he has had charge of it, is being heartily received by the town and is receiving loyal support both from the citizens and the members of the band.

We understand the boys intend putting on several musical programs during the winter months, and we are pleased to be able to report such splendid progress of our organization, which will prove a valuable asset to our growing town.

Hollowe'en passed off very quietly last night. A few minor pranks were played but no serious damage was done to property.

EX-PREMIER SIFTON CHOSEN CANDIDATE FOR THIS RIDING

At Largely Attended Convention of Both Parties in Medicine Hat --- Was Only Name Presented--Both Parties Join Forces

Hon. A. L. Sifton, Minister of Customs in the union government, is to be the union government candidate in this constituency in the forthcoming general election. So decided a largely attended meeting of Liberals and Conservatives at the convention held in Medicine Hat yesterday afternoon.

At this convention it was first decided by a resolution presented by Mayor Bott, of Redcliff, and seconded by N. L. McClarty, of Medicine Hat, that arty lines should be obliterated and both the old parties should join forces to select a union government supporter and work harmoniously together for his election. The resolution was a lengthy one, covering the ground which led up to the present situation, and was ably fathered by eloquent speeches from both the mover and seconder. The resolution carried unanimously, after which the meeting was asked to elect officers for the new union party. The following officers were elected:

President—Walter Huckvale.
First Vice-Pdesident—Dr. Oliver Boyd.
Second Vice-President—H. H. Brown.
Secretary-Treasurer—L. N. Laidlaw.

Two members of the executive, one Conservative and one Liberal, were named for each of the provincial constituencies of Arcadia, Redcliff and Medicine Hat.

With the organization completed the next order of business was the selection of a candidate. There was only one name submitted to the convention and that was the Hon. A. L. Sifton. This nomination was mover by Dr. Boyd, the retiring Liberal candidate, and seconded by Wm. Cousins, a life-long Conservative and one of the leading workers for the party in this constituency.

Mr. Sifton accepted the nomination and delivered a most stirring patriotic speech, after which Senator Willoughby, late leader of the Conservative party in Saskatchewan; Geo. Hoadley, M. P. P. for Okotokes, and W. A. Buchanan, sitting Liberal member for the old constituency of Medicine Hat, addressed the meeting.

Two Week End Fires in Town

Our long spell of freeness from fires was twice broken during the past week. The first alarm sent in was last Saturday morning when fire was discovered in building at present occupied by Mrs. Wilde as a lunch room and confectionery store. It happened just about noon when the midday meal was being prepared and started from a defective flue. Fortunately the blaze was noticed before it had gained much headway and the prompt arrival and good work of the brigade saved the building from distruction. A small portion of the roof was destroyed and some goods damaged by water.

The second blaze occurred early Sunday morning in a building in the south end of the town owned by R. R. Stoner. The house was occupied by some men who are employed at the Brick & Coal plant. About 2.30 a. m. they were awakened by the smoke in the room and on investigation found that the stove pipe had slipped out of the flue and fallen over against a partition, setting it on fire. By this time the flames had gained considerable headway and as the building was a frame it was beyond all hope of saving when the brigade arrived. The inmates barely escaped with their lives. The house and contents were a total loss.

British troops in Mesopotamia on Friday began an enveloping movement near the Persian frontier, northwest of Bagdad, and drove the Turkish forces in the vicinity of Kizil Robit across the Diala river.

Why Canada Needs More Money

UP to date the war has cost Canada about $700,000,000.
Canada has spent in Canada over $400,000,000 on her own account.
Canada has spent in Canada on behalf of Great Britain over $300,000,000.
What Canada spends for Great Britain is really loaned to Great Britain and will be repaid or credited to Canada later on.

Great Britain needs so much ready cash to finance her own expenditures at home for herself and for our Allies that she must buy on credit from Canada, and from every other country where she can get credit.

Of course Great Britain's credit is so good that other countries, in order to get her trade, are quite as willing to give her credit as we are in Canada.

Canada wants to help Great Britain not only because Canada wants Britain's trade but because we are Canada and she is Great Britain—both members of the same great Empire, kin of our kin, our motherland.

For Canada it is both a filial and patriotic duty to supply Great Britain's war needs and remember, her needs are our needs. Also it is in Canada's self-interest to supply those needs and thus keep open a market for our products.

★ ★ ★

Now, Britain needs our wheat, our cheese, cattle, hogs, and many manufactured articles.

Canada also needs many of these things —between the two it amounts to more than a million dollars a day in cash.

And the producers must be paid in cash.

Neither Canada nor Great Britain could go to a Canadian farmer and buy his wheat or his cattle on credit.

The farmer and all other producers might be ever so willing to give their country credit but they could not do it because they have to pay cash for wages, for rent, materials, etc. They must be paid in cash, or its equivalent.

So Canada says to Great Britain:—"I will lend you the money so that you can pay cash to Canada's producers for what you want.

"I will borrow this money from our own people just as you borrow money from your people.

"I will also borrow from the people of Canada money to pay cash for all the products that Canada, as well as Great Britain, needs in Canada."

That is Canada's practical, patriotic part in helping to win the war.

Without this credit the Canadian producer could not sell to Great Britain, and without these Canadian products the war would be prolonged.

So it is necessary for Canada to give to Great Britain the credit in order that Canada's own producers, who need a market, will have one; and in order that Great Britain which needs the products to win the war, will get them.

★ ★ ★

Now how does Canada get the money by which both Canada and Britain can pay cash for Canada's products?

By borrowing it from the people of Canada through the sale of Canada's Victory Bonds to be offered in November.

That is why Canada's Victory Bonds are offered to the people—to raise money to help to finish the war.

"Canada must keep her shoulder to the wheel even though it be a chariot of fire," and the way for Canada to keep her shoulder to the wheel is by buying

Canada's Victory Bonds

Next week this space will tell why Canada raises money by selling Canada's Victory Bonds

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

THURSDAY, NOV. 1, 1917.

UNION GOVERNMENT.

The convention held in Medicine Hat yesterday afternoon for the purpose of selecting a candidate to contest this Dominion constituency as a supporter of the union government, was a great success and showed clearly that the electors of this prt of the province are alive to the seriousness of the present situation.

By it the great war is once more proving to be the melting pot which is separating the sold from the dross and purging the minds of the people of all side issues of the day. It was a healthy sign to see leading party men sinking their past party feelings and prejudices and joining hands on a common platform each willing to make sacrifices and guaranteeing their support to what they believed to be in the best interests of the country as a whole.

As was predicted, the Hon. A. L. Sifton was the choice of the joint convention and we are satisfield that no more popular selection could have been made. Mr. Sifton has been in the public eye ever since the early days of the Northwest Territories. He is, therefore, a man of wide experience and training and his ability as a legislator has never been questioned. A citizen of the west almost continuously since boyhood, he is quite familiar with the needs of the west. This in itself will not only make him a valuable member of the union government but an able representative for this constituency.

A LITTLE LATE.

In another column of this issue an advertisement appears, calling for a Liberal convention in Edmonton and asking all opposed to the Borden administration to attend. This convention is slightly belated, as the Borden administration is a thing of the past and in its place is established a union government. However, even if the convention had been called months ago we do not think it would have been endorsed or attended by the Liberals of this district.

This Dominion constituency has always been in favor of a union government and has already taken a stand in support of the union government and both parties have agreed upon a candidate whom they will whole-heartedly support. This being the case, therefore, we do not expect any notice will be taken of the advertisement in question, but as there is always a possibility of a few disappointed office seakers trying to stir up trouble we would advise all now united under the one banner to keep their ears to the ground and do their best to discourage any movement which might have a tendancy to disturb the harmonous start made in this constituency.

AN OPPORTUNITY.

With the tax sale on Nov. 16th and with the growing demand for houses in town it looks to us like a good opportunity for farmers and others with a little loose change lying around, to make a good investment. Buy two lots and build a good house on them. You will have no trouble renting it; then, if you are a farmer you will have a house of your own when you want to move to town. If you are a young man you will have the cage all ready for the bird. Its a good opportunity. Don't miss it.

MAGNANIMOUS MOVE.

The action of Dr. Oliver Boyd in retiring from the field in this constituency, in order to make possible the selection of a candidate chosen by a strictly nonpartizan convention, is indeed most commendable. It shows that the doctor's heart is in the right place; that he is not only willing to give his hearty support to the union government but is also sacrificing his own personal ambitions in order to do so.

Dr. Boyd was chosen as Liberal standard bearer for this constituency at a convention called for that purpose in 1915. Since then he has spent considerable time and money visiting the different parts of the constituency to meet the electors and acquaint himself with the needs of the district and its people. The knowledge he has gained in this way no doubt the befter fitted him for entering a contest and, if elected, successfully performing the duties devolving upon the high office. All this Dr. Boyd has thrown aside in order to do his bit in helping to bring about a fusion of the two political parties and in all probability do away with a political campaign at this time in this constituency.

The electors will not soon forget this magnanimous move on the part of Dr. Boyd.

WARNING.

Last week we drew attention to the fact that the Military Service Act provided a stiff penalty for any who did or said anything to hinder or retard the carrying out of the Act, or in fact any movement calculated to enable Canada to play her part in this war to a finish. Since then we have been informed that there are some who are, under the guise of their religion, having a great deal to say about all branches of war and war work.

While we do not consider these people can very much damper the arder of real red blooded people in this connection, yet for their own good we would advise them to be very guarded in their remarks. In these times when the martial feeling is keyed up to the highest pitch, a little personal spite or unfriend feeling towards neighbors might be worked off by causing the loose tongued ones considerable inconvenience and embarrassment.

We trust this advice will be taken. It may mean saving a lot of trouble.

THE VICTORY LOAN.

In this issue of the Review appears the first advertisement calling the attention of our readers to the Victory Loan. We would stronsly recommend that our readers read over this advertisement carefully and prepare at once to do all they can to make this loan a great success by subscribing to it as liberally as their funds will permit.

This loan should receive our support in the first place because it is our patriotic duty to do so. If we are to help win a peace that will prevent for generations to come, if not for all time, a repition of the present carnage in Europe, we must work to the end that the military-mad shall be made to see that their madness cannot sway the world, and to do this every ounce of power of the Allies must be exerted.

Money is needed to efficiently equip and maintain Canada's share of the fighting forces. Besides this the fact that Canada's prosperity is wrapped up in this effort makes it a powerful material incentive to make the loan a success. If Canada does not provide the money to establish credit for Great Britain in this country, Britain will have to purchase her supplies of food and munitions in countries that can do so. Consequently if the Canadian people do not provide the money called for in what is to be known as the Victory Loan, there will be business stagnation in Canada, from which the farmers and industries of the country will be the first to suffer.

HARD TO UNDERSTAND.

The arrival of the stock shipping season again reminds us afresh of the great injustice being done to the ranchers of this district by the C. P. R. Although we have some of the biggest and best ranchers in Southern Alberta right at our very doors these ranchers have been for years put to the extra expense and inconvenience of taking their cattle all the way to Suffield in order to get the accommodation to enable them to load them for shipment.

When it is remembered that Redcliff is one of the best paying towns on Supt. McIntosh's division it is hard to understand why we can't get a little consideration. This is only one of many evidences of poor service and accommodation at this point.

SAVING.

Beef and bacon are needed overseas in increasing quantities. They are foods especially suited to the requirements of the men who are fighting and those doing heavy physical labor. The scarcity of fodder and the greater call for meat have compelled the Allies since the beginning of the war to kill more than 33,000,000 head of their stock animals. Thus the source of their meat is decreasing. At the same time the needs of the soldiers and war workers have increased the necessary meat consumption.

Imports of beef and bacon into Great Britain from Sweden, Denmark and Holland have been reduced to a very small amount, whereas all three countries formerly supplied large quantities. The United Kingdom is thrown more than ever upon the North American continent for these commodities. Moreover, the entrance of the United States into the war has greatly increased the requirements of both beef and bacon for the United States army.

The soldiers need beef and bacon and they can only be supplied if the civilian population of Canada and the United States will reduce their consumption of these foods. A saving of one ounce of meet per person per day and increased production of beef and bacon on this continent, would go a long way towards the armies' requirements.

Foxy Frank Oliver spent a busy time in Medicine Hat last Sunday and Monday trying to throw sand in the wheels of the union government machinery. Poor Frank wasn't as foxy as he thought he was. The only audience he could get was with a few disgruntled Grits and Tories, but they weren't sufficiently strong either in numbers or influence to make a noise that sounded anything like trouble. Just a few ripples like throwing a pebble in the ocean and Frank disappeared.

People moving buildings though town should exercise a little more care when going under telephone wires. Almost every building moved lately pulls down wires and as a result several telephones are put out of commission. This is not only a source of inconvenience to phone users but is considerable expense to the telephone department.

HON. ALEXANDER K. MacLEAN, Minister without portfolio, and representing Nova Scotia Liberalism in the union cabinet, is late member for Halifax. "The Problem of Poverty" is a subject on which he has lectured much.

Teacher Klinck Resigns From School

H. O. Klinck, who has been on the teaching staff of our school here for the past few years, has resigned and leaves Saturday for his old home in Stouffville, Ont. Since coming to Redcliff Mr. Klinck has made a large circle of friends both among the school pupils and citizens, all of whom are sorry to lose him. When the circumstances which necessitated his removal are remembered the feelings of his many friends are those of sincere sympathy and sorrow. His young motherless daughter will accompany him.

Mr. Fowler will take Mr. Klinck's place on the staff and a new teacher will be engaged to take Mr. Fowler's room.

Chautauqua Coming Nov. 21 22 & 23

Thirty years ago began a movement at Chautauqua Lake, N. Y., which now includes 5,000 annual assemblies in Canada and the United States. It brings the highest class of instruction, inspiration and entertainment to over 12,000,000 people, who could not secure such remarkable programs were it not for the modern Chautauqua system. The greatest talent is thus secured at the ends of the earth and brought into towns and communities of all sizes, wherever public-spirited citizens are willing to make it possible by guaranteeing the sale of enough season tickets to barely cover the expenses. Some of the talnet coming to Redcliff for the Chatauqua had to be secured two and three years in advance.

Chatauqua is primarily a builder of civilization, not a money-making enterprise. It is maintained by local associations all over the United States and Canada, and is now beginning to spread to England, Australia and other countries. To be on the Chautauqua map has come to be an indication of culture and civic enterprise.

We are proud to announce that the Chautauqua Festival attractions this year will include the Royal Hawaiian Quartet; Julius Caesar Nayphe, in "The Oriental Pageant"; Leila M. Blomfield, in "Stories and Customs of New Zealand"; Capt. W. J. Hindley, lecturer, on the "Reign of the Common People"; the Chatauqua Festival Orchestra; and Walter E. Stern, with his lecure, "The Far Country."

Red Cross Makes Another Shipment

The Red Cross Society made another good shipment of goods to the head office last week. Among the articles contained in the box were the following:

Eighteen dozen towels, 11 dozen pillow slips, 4 dozen hot water covers, 9 shirts, 21 suits pajamas, 12 wringers, 42 pair of sox, 12 T bandages, and 48 handkerchiefs.

Concert Orchestra Is now Organized

At a meeting held last Tuesday evening it was decided to organize a concert orchestra in Redcliff. Bandmaster Wetton was chosen as instructor. Anyone who plays an orchestra instrument is invited to attend the first practice which will be held in Reid's hall on Sunday, Nov. 4th, at 3 o'clock. In order that the practice may start promptly all interested are asked to be on hand at 2.45.

It is the intention of this orchestra when thoroughly organized to give concerts throughout the winter. This will be a good opportunity for young people and all interested in music to improve their talents, as Mr. Wetton is a capable leader and is greatly interested in the work.

CHURCH NOTICES

FIRST BAPTIST CHURCH.

Sunday, morning at 11 a. m.; subject: "The Food Question."

Evening, at 7.30; subject: "He Wipes the Tear from Every Eye."

Sunday school at 12 noon.

Thursday—Ladies Aid.

Friday—Choir practice.

THE PRESBYTERIAN CHURCH.

Worship at eleven forenoon and half past seven evening. Topic of forenoon sermon: "The Crowning Hope." Evening sermon: "The Things that Matter."

The Sabbath school meets at a quarter past two.

Divine worship at Bowell at three.

CHURCH OF ENGLAND.

Nov. 4—Twenty-second Sunday after Trinity. Litany and Holy communion at 11 a. m. Sunday school 2.30 p. m. Evensong 7.30 p. m.

Nov. 5, Monday—Junior Woman's Auxiliary at 4.15 p. m.

Nov. 8, Thursday—W. A. at 3 p. m.

Nov. 9, Friday—Evensong 7.30 p. m. Choir practice 8 p. m.

CHURCH OF THE BRETHERN.

Crowe's Hall.

Sunday school at 10. Preaching at 11; morning topic: "Burden Bearers."

Evening at 7.30; subject: "Ministration of Angles."

Rev. David Hollinger.

CATHOLIC CHURCH.

Catholic services will be held in Crowe's hall the second and fourth Sunday of each month at 8 o'clock a. m.

UNION BIBLE CLASS.

At half past three next Sabbath in the Presbyterian church the class will study: "Nehemiah's Prayer," Nehemiah 1:1-11. This is a study of a most pious, gentle and courageous prince.

WAR MENUS.

How to Save Wheat, Beef and Bacon for the Men at the Front.

MEN FOR WEDNESDAY.

BREAKFAST.

Fresh Fruit (berries in season.)
Oatmeal Porridge Milk Sugar
Mmeiet Toast Coffee or Tea

DINNER.

Roast Beef Potatoes Creamed Inions
Brown Bread
Cottage Pudding with Sauce

SUPPER (or Luncheon.)

Potato Soup Crackers
Stewed Fruit Cornmeal Muffins
Cookies Tea Milk Sugar

The recipes for Potato Soup and Cornmeal Muffins, mentioned above, are as follows:—

Potato Soup—

1 quart milk.

Salt, pepper and grated onion to taste.

1½ cups mashed potato.

Add the potato to the heated milk and seasonings, reheat and serve very hot.

If skim milk is used the soup is improved by the addition of a little butter.

Cornmeal Muffins—

1 egg.
2 tablespoons dripping.
6 tablespoons brown sugar.
½ cup of milk.
1 cup of flour.
½ cup of cornmeal.
2 tablespoons of baking powder.
¼ teaspoon of sal.

(Recipes by Domestic Science Experts of the Food Controller's office.)

Plot to Destroy Cattle and Grain

A report from Seattle says: "In a note to a arning telegraphed by Food Administrator Herbert C. Hoover, a reported conspiracy afoot in the northwest to destroy grain supplies and cattle, steps were taken to safeguard the grain elevators and stock yards in this state."

At the same time the following report comes from Vancouver:

"Double guards with orders to shoot on sight any intruders have been placed at the army post stables and other points here, owing to the discovery of evidence indicating a plot to disable army animals. Several mules were crippled within the last few weeks by the insertion of needles into their joints. These mules were so badly hurt that they ere shot.

EGOTISM.

"The man who had built up the new town and was showing a prospective settler about the place, pointed with pride to a pretty little church just completed.

"Do you belong to the church?" asked the visitor.

"I should say not," replied the head man with an air of injured pride, "the church belouga to me."—Minneapolis Tribune.

C Swanson, of Iddesleigh, recently sold an ox in the Alberta stock yards that weighed 1,900 pounds, and brought $7.75 per cwt., or a total of $147.

LIBERAL CONVENTION FOR THE PROVINCE OF ALBERTA.

A convention of Liberals opposed to the Borden government will be held at

EDMONTON

on Saturday, November 10th, 1917, at 10 o'clock a. m., to discuss the issues of the impending elections and to complete a Provincial organization.

Every Liberal opposed to the Borden government is invited to attend the convention; and, if convenient, a meeting of such Liberals should be held in each town, village or polling division.

At the convention the delegates from each of the 12 Dominion constituencies will appoint 10 voting delegates.

Arrangements have been made for a single fare for the round trip. Delegates will purchase one way tickets to Edmonton and at the same time obta standard convention certificates from their local railroad agents. At Edmonton return tickets will be issued free.

For further information as to special trains will be given through the newspapers.

LET THE PEOPLE RULE.

ALEX. ALLAN,
President Provincial Liberal Association.

* * *

Mr. and Mrs. W. Crerer, of Medicine Hat, spent last Sunday in town, the guests of Mr. and Mrs. W. J. Fairbairn.

* * *

Geo. Burdekin, who has resided in Redcliff for the past four or five years, left last Tuesday night for Vancouver where he will make his home in future.

* * *

There will be a whist drive and social evening in St. Ambrose parish hall on Monday evening, Nov. 5th. Good prizes for whist drive. This will be the last until after the parish hall is renovated.

* * *

Work in connection with the new Baptist church here is progressing favorably and it is expected it will be ready to open on Nov. 18. Arrangements are being made to hold special services on that day.

* * *

The Hollow'een dance held last night was well attended and an enjoyable evening spent. A number dressed up in Hollow'een attire for the occasion and after promiading the streets marched into the dance hall in a body.

* * *

Mrs. E. Wallof entertained a number of young people at her home last Saturday afternoon in honor of the Misses Nesbitt, of Medicine Hat. During the afternoon all kinds of Hallow'een games were played, after which dainty refreshments were served. A most enjoyable afternoon was spent.

* * *

Night Policeman R. Everett started out last Friday to raise a subscription among the town lads to secure suitable Xmas gifts to send to the Redcliff boys overseas. We understand Bob is meeting with good success and that he hopes to be able to get up a good sized parcel Well done Bob. More power to your elbow.

* * *

The ladies of the town made up another shipment of goods for the unfortunate Belgium children this week. They still have some goods on hand and expect to ship another box next week. All second hand clothing for children will be thankfully received for this purpose, and may be left at the Red Cross rooms.

* * *

The new telephone central here is now almost completed and will be ready to occupy in about two weeks. The finishing touches have been somewhat delayed owing to the fact that the plans and specifications made no provision for gas and water connections and the contractor evidently did not notice this oversight till the building was almost completed.

"THE BARRIER"

"The Barrier," from Rex Beach's famous novel, is of the type that makes the pulse beat faster. It is said to be one of the most absorbing pictures that has ever been seen. At the opening at the Broadway Theatre, New York, there were bursts of applause every time Mitchell Lewis terminated a scene. The thrills were so placed and the action developed that it compels attention. It will be at the Empress Theatre, Redcliff, Friday and Saturday nights of this week.

Another Epic to Canadia's Record

Telegraphing from British headquarters in France, Reuter's correspondent says:

"The story of how the Canadians captured the important vantage point on Passchendaele ridge adds another epic to the anadians' great records. Their objective was a little moss-colored spur curving around U-shaped from the main ridge Its capture was the principal achievement in a day of heroic struggling against the overpowering elements.

"The Canadians attacked from two directions, their right pressing along the main ridge and the left working around toward the Bellevue Spur. These positions lay in a broad gulley, which heavy rains had made impassable, preventing the attackers from attacking frontally. Progress was slow, as the whole face of the Spur was thick with blockhouses spitting forth death salvos. Prisoners taken unanimous in the belief that the defences were regarded as the strongest organization of resistance on this front. It had been ordered that the place must be held until the entire garrison was killed, because the enemy regarded it as a vital link in the ridge system.

CHATAUQUA MEETING.

A meeting of all the guarantors of the Chatauqua which is to appear here on the 21st, 22nd and 23rd of this month, will be held in the Review offices on Friday evening, Nov. 2nd, at 8 o'clock. As it is important that some concerted effort be undertaken at once if the venture is to be a success, and the guarantors break even, all interested are urged to be present.

A Defeated Kaiser Is the Only Hope

An American woman writing from Switzerland to a friend in Minneapolis says that the only thing that will cure the German people of their blind subserviency to their military leaders is defeat of the military autocracy; that if they could win now they would possess themselves of despoiled Belgium and ruined Serbia without a qualm; that they are out of touch with the rest of the civilized world on all points of honor, justice and right and that notwithstanding their progress materially their soul is 200 years behind our age. She is very sure that we need not look for any revolutions in Germany so long as the people think there is a chance for them to win the war. If there is to be ay revolt by the German people it will come not because of a change of heart on the part of the people toward the aims of heir autocratic government, but because that goverment is no longer able to lead the German nation to a place of supreme control over the rest of the world. A defeated and discredited kaiser is the only kind of a kaiser the German people will depose.

In other words, generous sentiments and fine phrases about liberating the German people from their military slave-drivers are wasted upon a people who cherish the hope of victory and spoils; who have been taught to look upon war as a business for profit and are just as eager as their teachers to reap the profits, no matter what crimes and outrages may be resorted to to gain that end.

Allies to Send Help to Italy

The Pall Mall Gazette, referring to the fact that the Entente Allies have taken steps to send assistance to the Italians, says it is recalled that some months ago an appeal was made by Italy for guns. The newspaper adds that this appeal was strongly supported by Premier Lloyd George, but at the time the exigencies of the campaign on the western front, which was then opening, rendered full compliance impossible, as the war office and the generals at the front were making demands for guns which were impossible to resist.

Italians Retreating Before the Enemy

The Austro-German armies, under the command of Emperor Charles, who has for his chief assistant the brilliant Field Marshal von Mackensen, are shaking the entire Italian line from the Julian Alps to the Adriatic sea. Having pressed back the Italians at several points upon Italian soil, the combined enemy forces have now pushed forward on the Italian left wing and captured Cividale, lying to the northeast of Udine, in addition, the Austrian town of Gorizia, a point of great strategic value on the Isonzo river, has been retaken from the Italians.

According to the latest Berlin statement, 100,000 Italians have been made prisoner and in excess of 700 guns have fallen into Austro-German hands. The second and third Italian armies are declared to be in retreat. Rome admits the falling back of the second army, asserting that cowardice similar to that shown by the Russians in Galicia, was exhibited in the face of the foe, the Italians surrendering or retreating without giving battle, permitting the breaking of the left wing and thereby offering easy access to the town of Cividale. Prior to falling back, however, the Italians destroyed all their depots and stores, and Cividale was on fire when the Austro-Germans entered it.

Possibly the Italians in this region, who are declared by Rome to be retreating to prepared positions on the plains, will turn about and meet the enemy in open country fighting.

If they do not, and the enemy is able to keep up westward the fast pace that it has maintained since the beginning of the operation, the greater part of the Italian forces along the northeastern line will be threatened with capture. The situation is so so grave that a special meeting of the French cabinet has been held for the purpose of deciding upon the question of allied co-operation on the Italian front.

The Feeding and Housing of Swine

On account of the high value of concentrated foods suitable for swine feeding, it is important the foods that are used be so combined as to produce the maximum of results. The question of housing also enters largely into the profitable production of pork. To encourage farmers to raise as many hogs as possible, and to make the most money therefrom, the Department of Agriculture at Ottawa has issued Pamphlet No. 22 on the "Feeding and Housing of Swine." This pamphlet which may be obtained free at the publications branch, Department of Agriculture, Ottawa, deals also with the questions of breeding and care of the year.

Canadian Tribunals For United States

A novel feature in connection with the Military Service Act may be the establishment of Canadian exemption tribunals in the United States. When the proclamation calling out the first class of men was published, a similar notice was issued the length and breadth of the United States. Its purpose was that Canadians coming within the class were required to comply with the terms of the proclamation. Canadians resident across the border are urged, wherever possible, to return to Canada for the hearing of their applications have been made. It may, however, be found that where large numbers of Canadians have settled in a particular district, it will be more practicable to send a tribunal across the line.

CANADA WAR ANNIVERSARY.

October 16 was the third anniversary of the arrival in England of the famous first Canadian contingent who sailed overseas to aid the Empire in the great war. It was October 16, 1914, when the fleet of thirty-two ships carrying an army of 33,000 Canadians hove to at Plymouth Sound, a new armada at the very place where Drake received the information of the coming of the Spanish fleet of invasion.

THE STONER AGENCIES, REDCLIFF THIRD ST. N. E.

Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

it is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life;

the military service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper exemptions have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

Category A—If fit for service in overseas fighting units.

Category B—If fit for service overseas in Army Medical Corps, Forestry Battalion, etc.

Category C—If fit for service in Canada only.

Category E—If unfit for military service of any nature.

If not placed in Category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

* * *

Eli Wilson, who has been farming west of here, left last Monday for his old home in Iowa. Mr. Wilson farmed a section of land in this district and is well pleased with his results.

* * *

FOR SALE—A good five-room bungalo on fifty foot lot; house new and in good condition; garden with berry bushes and in good shape. For particulars apply at the Review office.

* * *

Last Saturday's weekly dance in Reid's hall attracted a jolly crowd of young people who spent a very pleasant evening till midnight. The excellent music from the five piece orchestra was the best of the season.

* * *

A number of ranchers north of town shipped several car loads of cattle east this week. They had to drive the stock west to Suffield in order to load them, as there is no stock yard here. John Ellis went as far as Moose Jaw with the shipment.

* * *

P. Blundell is moving his stationery store to the Ware block on Third street and will be doing business in the new stand next week. Mr. Blundell will retain the Broadway store as well where he will handle fruit and confectionery.

* * *

Powell, distinguished magician, will be the attraction at the Amuse-U theatre on Monday, Nov. 5th. The performance is of a kind never before offered in this house and will consist of feats of dexterity; wierd and wonderful delusions, offering two hours of entertainment, including music, magic mirth and melody. See the wonderful vanishing lady.

* * *

P. H. Wedderburn received word last week from a wounded soldier who was a chum of his son, Lorimer, which leaves little doubt that the unfortunate lad has made the great sacrifice. The writer of the letter saw Lorimer when he was suffering from gas and returning to him later found him dead. His identification disc was removed and it is presumed that whoever took it met a similar fate before it was delivered to headquarters.
